AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 11th day of November, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR-GENERAL  
IN COUNCIL.

ON a Report, dated 29th October, 1895, from the Minister of the Interior, submitting that the regulations for the disposal of coal lands, the property of the Dominion Government of Manitoba, the Northwest Territories and British Columbia, approved by Order in Council of the 17th September, 1889, provide that lands containing anthracite coal may be sold at an upset price of \$20 an acre cash, and coal other than anthracite at an upset price of \$10 an acre cash, or may be sold at public competition.

The Minister states that it is found that settlers living at a distance from coal mines which are being worked by persons who purchased the same either from the crown or from some other source, are taking coal from Dominion lands for their own supply and for the use of others, without permission. These settlers as a rule are not in a position to purchase coal lands in accordance with the provisions of the regulations, and as they cannot obtain permission to mine coal by paying a royalty, they take it without authority.

The Minister feels that it would be a hardship upon the settlers if action were taken against them for larceny, especially as many of them are willing to pay a royalty on the coal mined, and he, the Minister, is of the opinion that some regulation should be adopted

whereby settlers and others may obtain permission to mine coal on Dominion lands by paying a royalty.

The Minister, after consulting with the Commissioner of Dominion Lands and the Superintendent of Mines of the Department of the Interior, recommends that he be authorized to issue yearly permits to mine a certain quantity of coal, for domestic purposes only, upon payment in advance of a royalty of twenty cents per ton for anthracite coal, fifteen cents per ton for bituminous coal, and ten cents per ton for lignite coal, and that this regulation if approved by Your Excellency shall come into force on and after the first day of January, 1896.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. MCGEE,  
*Clerk of the Privy Council.*

## NEW WESTMINSTER CITY BY-LAWS.

WATER WORKS REGULATION AMENDMENT  
BY-LAW, No. 2, 1895.

*A By-law to amend the by-laws regulating the Water Works of the City of New Westminster, and to make further provision for the management of the said Water Works.*

THE MUNICIPAL COUNCIL of the Corporation of the City of New Westminster enacts as follows:—

1. All water supplied from the city water works to any consumer shall be supplied by meter, at the rates set out in Schedule "A" annexed to this by-law: Provided, however, that it shall be lawful for the Council to supply water to householders and others as provided in the "General Monthly Rates" and "Miscellaneous Rates" set out in Schedule "A" of the "Water Works Regulation By-law, 1893," as amended by this by-law; but it shall be lawful for the Council, or its agents, at any time, or from time to time, to attach a meter to any water service, and to demand and receive for such service the meter rate fixed by this by-law, and in no case shall the absence of a meter relieve any consumer from payment of a fair and equitable water rate.

2. Sections 2 and 3 of the "Water Works Regulation By-law, 1893," are hereby repealed, and the following is substituted for the said sections:—"The prices, rates, and rents as provided in Schedule "A" of the "Water Works Regulation By-law, 1893," and of this by-law, or as the same may be from time to time fixed by the Council, shall be due and payable at the City Treasurer's office, City Hall, or to any person authorized by the Council to receive the same, on the first day of each month for the month next preceding: Provided that any person who pays such prices, rates, and rents within ten days after the same shall have become due shall be entitled to a rebate of twenty per cent. upon the amount thereof, but there shall be no rebate on the rent of meters. Any person paying water rates in advance for a period of three months or more at one time shall be entitled to a rebate of twenty-five per cent.

3. In no case shall water be supplied free to any consumer, except under the authority of a by-law which has received the assent of the electors of the city.

4. Section 5 of the Water Works Regulation By-law, 1893," is hereby amended by striking out the words "may use water meters" in the first line thereof.

5. When water is supplied to householders without meters at the "General Monthly Rates" set out in Schedule "A" of the "Water Works Regulation By-law, 1893," such water is to be used for ordinary domestic purposes only, and shall not be used for irrigation, sprinkling, or watering cattle or other animals.

6. Any consumer wishing to use water for irrigation or sprinkling must make written application therefor at the office of the Treasurer, stating the number of square yards to be irrigated or sprinkled. Such application shall cover a period of four months in each year. Irrigation will be permitted only between the hours of 6:30 and 9 p.m., and no irrigation will be allowed with hose or sprinklers on Sunday. The Council reserves the right at any time, and from time to time, as in its opinion the public interest may require, to prohibit all irrigation, and any person who shall use water from the water works for irrigation after notice of such prohibition has been served on him or her, or advertised twice in any daily newspaper published in the city, shall be guilty of a breach of this by-law.

7. When the water has been shut off any premises for non payment of rates, or non compliance with the regulations for the time being in force respecting the water works, or at the request of the owner, tenant, or occupant of the premises, for any purpose whatever, the Council may refuse to turn the water on such premises until there has been paid at the Treasurer's office a fee of fifty cents for turning the water on such premises.

8. The Council will not be liable for the failure of the water supply in consequence of any accident or damage to the water works, or any temporary stoppage thereof, on account of alterations or repairs, whether such failure arises from the negligence of any person in the employ of the corporation, or other person whomsoever or otherwise howsoever or not; but in the event of such failure or stoppage continuing for more than five consecutive days at one time, an equitable reduction will be made on all water rates for services affected thereby.

9. Section 12 of the "Water Works Regulation By-law, 1893," is hereby amended by striking out the words "the Water Works" at the end thereof, and substituting the words "any service where a meter is not used."

10. Sections 8 and 9 of the Water Works Regulation By-law, 1893," and section 3 of the "Water Works Regulation Amendment By-law, 1895," are hereby repealed, and the words "Engineer" and "Inspector," wherever they occur in the said by-laws, shall be struck out and the word "Superintendent" substituted therefor.

11. Section 15 of the "Water Works Regulation By-law, 1893," is amended by striking out all the words in the said section after the word "required." Section 16 of the said by-law is hereby repealed, and section 17 is amended by striking out the words and figures "on and after the 1st day of August, 1893."

12. Section 1 of the "Water Works Regulation Amendment By-law, 1895," is hereby amended by striking out all the words in the said section from the beginning to the word "owner," in the third line, and inserting in lieu thereof the following: "Applications for the laying of service pipes, or the turning on or off of the water to any premises, shall be made in writing at the City Treasurer's office, and when such application is for the laying of a service pipe, or for turning on water, it must be signed by the."

13.
